

To our valued members,

Over the last year, we have done our best to keep our doors open while faced with several situations beyond our control that negatively impacted our business. Unfortunately, it is a fight that we can no longer continue. We have enjoyed serving this community over the years, but effective January 28, 2021 we will be closing permanently.

However, even in this trying season, we have some good news. You will still have an excellent facility where you can focus on your health and wellness. Effective January 28, 2021, your membership will be honored by Fitness Premier, located at 995 E. Division Street, Coal City. This newly remodeled location has 24/7 access, outstanding group fitness programming, top notch coaches, and focuses on the entire wellness picture by offering recovery via percussive therapy and Hydromassage.

Your membership amount will remain unchanged. We encourage you to reach out to Fitness Premier Coal City at 815-634-6300 with any questions and to book your complimentary coaching session.

Stay well!
